## THE NEW SEAT IBIZA

Growing  
better.

### THEY SAY THE TRUEST CHANGES IN LIFE COME FROM WITHIN.

That would explain why now, when you see  
the New SEAT Ibiza, you get that familiar  
feeling and yet you know something in it  
has changed forever.

**5D**

Well,  
hello there.

**YOU HAVE SET SOME STANDARDS AND  
YOU'RE NOT WILLING TO SETTLE FOR LESS.**

Let's say practicality. Let's say sporty  
design, and 5 doors to make things easier.  
Let's say matching interior colours with  
exterior details. Let's say it's the most  
customisable Ibiza ever; let's say BRILLIANT.

ST

Whatever  
your plans are.

**SO MUCH LIVED, SO MUCH YET TO DISCOVER.**

Although you may not know what your next step in life will be, you do know which direction it will take: forward. And the Ibiza ST comes with all the extra space you need to do whatever comes to mind.

SC

Fly like a  
butterfly,  
sting like  
a bee.

**GENTLE AND GIFTED WITH A GRACEFUL DESIGN,** those who have had the pleasure of meeting it fall in love with it for life: the Ibiza Sport Coupé is the most dynamic member of the Ibiza family, it is built to surpass the expectations of even the most passionate drivers.

## INTERIOR DESIGN

### Inner beauty.

**INNER CHANGE, INNER GROWTH.** Much more ergonomic and focused on making the most of every detail, the interior of the New SEAT Ibiza has reached the next level in terms of quality and finish. But what's even more exciting is the interior touches of colour.

## STORAGE

A lot in store.

**IN THE NEW SEAT IBIZA ST BETTER ALSO MEANS MORE.** More roominess, more possibilities. The New Ibiza has more storage solutions to offer than you might notice at first glance. Useful hangers and little helpers here and there make this New Ibiza the kind of car you just can't get enough of.

## TECHNOLOGY & CONNECTIVITY

### Geek & Chic.

**THE NEW SEAT IBIZA IS PACKED WITH SAFETY FEATURES** including the Tiredness Recognition System, which detects the risk of falling asleep at the wheel. It is also available with the Rear View Camera and Multi-collision Brake, which in the unlikely event of an accident, automatically applies the brakes to avoid any further collisions. All of this and much, much more.

Through the MIB touch screen integrated in the central console, and thanks to our Full Link technology, you'll have easy access to your phone. The Read to Me option will even dictate you messages and emails at the touch of a button. But that's not all: you will enjoy additional technological features such as car, with which you can check real-time information about your car's performance as well as many other variables.

**EFFICIENCY &  
PERFORMANCE**

TSl: smaller  
engine, bigger  
performance.

**DELIVERING AN IMPRESSIVE  
PERFORMANCE-POWER RATIO,**  
bringing together the powerful performance  
of a petrol engine and the low consumption  
and CO<sub>2</sub> emissions of a diesel. It assures more  
control and anticipation without losing out on  
smooth handling or driving pleasure.

Safety

**AIRBAGS.**  
It's great to be on the road, surrounded by friends. And it's even better when you're all surrounded by safety. The SEAT Ibiza has front airbags as standard, with curtain and combined head and with chest airbags as options.

**SAFETY FIRST.**  
A maximum 5-star Euro NCAP\* safety rating and the most advanced safety features proves it's one of the safest cars in it's class.

**TIREDNESS DETECTION.**  
The system monitors the behaviour of the driver and when it detects a risk of falling asleep at the wheel, sending both a visual and an acoustic warning.

**POST COLLISION BRAKING SYSTEM.**  
In the unlikely case of an accident, this system brakes the car avoiding or reducing the impact of subsequent collisions.

**REAR VIEW CAMERA (OPTIONAL).**  
Located in the rear bumper, the camera will show you what the rear view mirrors can't, making backing-up or parking in tight spots a kid's game.
